Edon Library

Edon Northwest High School Alumni 1881-2016

History of the Edon Northwest Local Schools

The first schools in the district were one room buildings, the first believed to be a small log structure built in 1841 in the northwestern part of Northwest Township. In 1843 another was build in the northwestern part of Florence Township. Northwest Township eventually had nine small schools while Florence had fourteen. In 1875 a room of the Sheline Hotel was used as a school in Edon.

A brick two story building was erected in 1876 in the western part of Edon where 122 students were enrolled in 1877. Three students completed high school courses even though the school was not yet accredited. As the enrollment grew, a larger structure was built in 1889 and used until 1904 when the building burned.

Professor O. E. Ewan became Superintendent of Edon Schools in 1904 and through his efforts the school was given a charter as a third grade high school. In January of 1905 the burned school had been rebuilt and in May the first class of four members graduated. Eventually the school received a first grade charter.

A one story frame building called the "Sheepshed" was erected in 1920 on a lot north of the school to house the first six grades. The village and Florence Township districts consolidated that same year to become the Florence Edon School District and gradually its country schools were closed and the students brought into town. Expanding once again, a house was purchased and located west of the Sheepshed. Known as the "Cottage", it housed the new home economics department.

In 1931 the old high school was modernized and inside plumbing installed. The cottage was moved and in 1936 a new building was built including an auditorium with classrooms located along the north wall under the auditorium seats. A west wing was added in 1939-40 providing classrooms, offices,

shop and room for music and home economics departments. The Sheep- shed was torn down and the elementary grades moved into the old high school.

Three of the small schools in Northwest Township had closed in the 1930s. The remaining schools with the exception of Columbia consolidated to form the Northwest School District. Four acres were purchased in Cooney and a new building containing the four classrooms and a gymnasium was built. Students could choose to go from there to Edon, Montpelier, or Pioneer for high school. That changed in 1956 when the State of Ohio said that all districts must incorporate a high school as well as elementary schools, so the Williams County School Board divided the schools into districts,each with a high school. . Northwest was merged with Florence Edon School to become the Edon Northwest District.

Three classrooms, a new gymnasium, and kitchen were added to the Northwest building in 1957. In 1959 a small part of the old high school at Edon was torn down and a new elementary building erected on the east. Additional class-rooms, library, a new cafeteria, industrial arts rooms and gymnasium were added in 1967. In 1998 two classrooms were added to the east end of the high school plus two rooms for the music department and an elevator on the west.

The Catholic community near Blakeslee organized a school in 1874. The wooden building stood north of the village of Blakeslee adjacent to the original wooden church. Due to shortages, the school closed in 1884. The school reopened in 1920 in a new building erected just south of the large brick church built in 1907. It had two classrooms for grades 1-8. In 1959 a newer building was built consisting of four classrooms and a cafeteria. The school closed in 2007 and the students are now part of the Edon Northwest Schools.

In 1999 the State of Ohio began a program of aiding local schools in upgrading their facilities. The board of education decided to use this opportunity to provide a new K-12 facility. Land was purchased at the west edge of Edon. The previous

Edon buildings were sold at auction and the Cooney building sold to the Northwest Township Trustees. The resulting new school was dedicated on September 26, 2004.

When the two story high school of 1905 was razed, its bell was rescued and put on a platform in front of the 1940 building. There it remained until 2004 when the new K-12 was opened. In 2006 the bell was restored and put in an oak and glass display case. Its usual place is in the main hallway, but at commencement the bell rolled into the gymnasium. When the graduates have entered and been seated, the president of the junior class rings the bell three times to begin the exercises. After the graduates have received their diplomas, the president of the senior class rings the bell four times signifying the passage of the gavel to the next senior class.

Since 1968 juniors and seniors interested in learning a trade have been able to attend the Four County Career Center at Archbold. Students also have the opportunity of Distance Learning and receiving college credit in select courses.

Edon's athletic teams have done well over the years, sometimes going on to state semifinals and finals. Their name was derived from a contest held in 1934-35 to name the school's mascot. Charles Brigle, class of 1938 won with his entry of the Blue Bombers. Sports were played intermittently in the early years but now include baseball, football, softball, track, cross country, golf, volleyball, and boys and girls basketball.

Music has always been a part of the curriculum and has received many superior ratings at district and state levels. Their musicals have become very popular and every four years they travel to perform at our nations' capital.

FFA and the agriculture department were added in 1938 and has been very popular in this farming community. Many students, both boys and girls have received state and national degrees. FHA wast established 1941 as a part of the home economics department.

The Edon Alumni Association was organized in 1908 and has been dropped and revived several times.

Edon Northwest Local Schools has provided many advantages for its students to learn and grow into adulthood. More than 4,400 students have graduated from our school, prospered in the local community and held positions of high esteem in countless fields of endeavor. Former students now reside in 49 of the 50 states as well as in at least 2 foreign countries. The world is a better place due to the high standards set by the local community, board of education and faculty of Edon Northwest Local Schools.

ALMA MATER

Edon High School, our dear old Edon,
Edon High School, we're all for you.

We will fight for the Blue and Silver,
For the glory of our dear school.

Never daunted, we cannot falter
In the battle - we're tried and true .

So Edon High School, our dear old Edon,
Oh, Edon High School, we're all for you.
